Bilbao

Santander

Gijón

Santiago de Compostela

In the ninth century, the Camino de Santiago became the most important pilgrimage route of medieval Europe, after the discovery of the tomb of St. James in Compostela. The mobilization of believers from all over Europe to that place was so spectacular, that all the way was marked by a development social, economic and artistic beaten. The origin of the pilgrimage to Santiago along the Northern Road dates back to the moments immediately following the discovery of the tomb by the year 820.

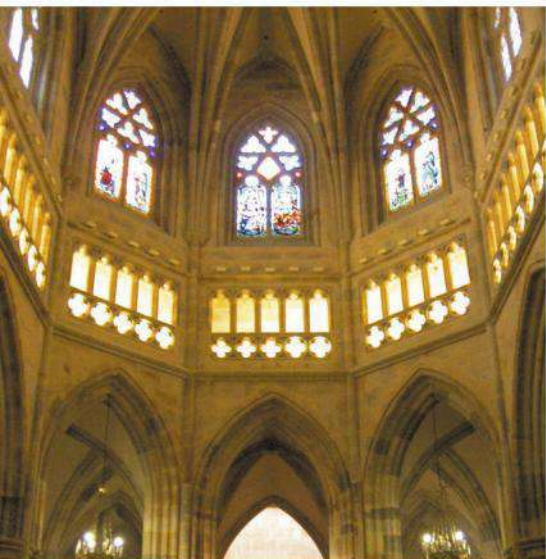

Buen Camino!

San Sebastián

Tradition and modernity coexist in this small big city, which has a first class cultural offer with its international film and jazz festivals, and its top cultural program.

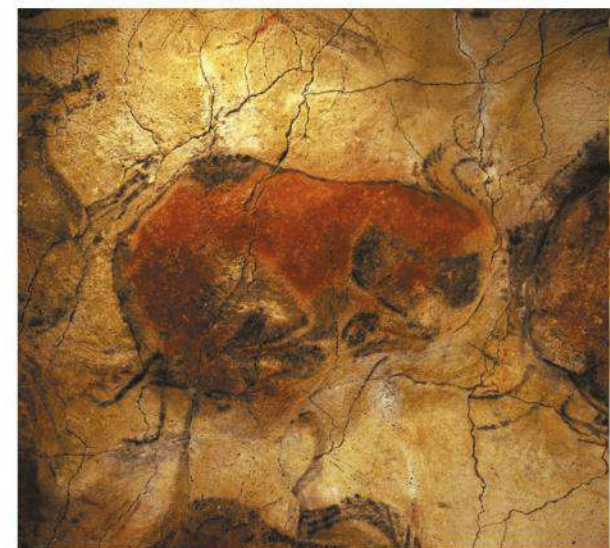

Buen Camino!

Bilbao

Camino de Santiago

In the ninth century, Camino de Santiago became the most important pilgrimage route of medieval Europe, after the discovery of the tomb of St. James in Santiago de Compostela. The mobilization from all over Europe to that place was so extensive, that all the way was marked by social, economic and artistic development. El Camino Francés is the Jacobean Route with more historical tradition and it's most recognized internationally. Its layout is set in the late XI century.
